Now Frigidaire gives you the HYDRATOR

The Hydrator is a marvelous new moist air compartment that makes vegetables and salad materials delightfully fresh and tender. Mail the coupon for our free book of new salad recipes and full details about the Hydrator.

Now, with the development of the Hydrator, Frigidaire offers a new answer to your special compartment for vegetables and leafy salad—added moisture.

You can put wilting celery in the Hydrator and make it crisp and fresh again. You can make lettuce tender and hearty. You can quickly restore the freshness of radishes, tomatoes and other vegetables. You can keep all your green vegetables fresh and full-flavored until you're ready to eat them—all in one convenient compartment.

Today every household Frigidaire is equipped with the Hydrator and so

even can. It is part of the unique value offered by Frigidaire! So, too, is the famous "Cold Control" which enables you to speed the freezing of our cakes and desserts.

And in addition to these two outstanding features—the Hydrator and the "Cold Control"—Frigidaire has the extra power that insures dependable refrigeration regardless of outside temperatures. All mechanical parts are concealed—and quiet. Freezers will hold any weight placed in the freezing chamber to be kept permanently cold. And to make refrigerator more practical and more attractively beautiful, every household cabinet is now

new—grand. Functions on most models and one. But let us tell you more about these features Call or the nearest display room.

FREE SALAD RECIPE BOOK

Send for the new Frigidaire catalog. We'll include with it our special low salad recipe book which also gives full details about the Hydrator. Mail the coupon to: Frigidaire Corporation, Sales-Service of General Motors Corporation, 1604 Bering Tower, Toronto, Ontario.

A GREAT LINE OF TRUCKS

for Years and Years of Good Service

In any business employing trucks the dependable efficiency of the trucks is an important matter. In some lines of endeavor the life of the business itself is wrapped up in the motor truck fleet. In every line good trucks build an immense amount of good will by keeping deliveries always up to schedule. The man who realizes these things, and buys his trucks accordingly, has the edge on the man who buys his trucks haphazardly or without giving sufficient thought to the service they will render and the service they will receive.

Now, while the year is young, we suggest that you consider investment in the kind of trucks the best-known Canadian companies are buying. Canadian Pacific, Canadian National, Imperial Oil, Brackman-Kee, Ogilvie Flour Mills, P. Burns, Sun Oil, and many other Canadian business leaders buy trucks carefully—on the basis of performance records—and they buy Internationals. For real truck satisfaction, follow the lead of these leaders.

Complete International Truck or McCormick-Deering Industrial Tractor information will be supplied on request.

SERVICE

IN THE Ford Motor Company of Canada, Limited, we emphasize service equally with sales. It has always been our belief that a sale does not complete the transaction between us and the buyer, but establishes a new obligation on us to see that his car gives him service. We are as much interested in your economical operation of the car as you are in our economical manufacture of it. This is only good business on our part. If our car gives service, sales will take care of themselves. For that reason we have installed a system of controlled service to take care of all Ford car needs in an economical and improved manner. We wish all users of Ford cars to know what they are entitled to in this respect, so that they may readily avail themselves of this service.

THE assurance of good dealer service, at all times, is as much a feature of the Ford car as its history of fine and solid, safety, comfort, sturdiness, economy and ease of control.

In addition to the main factory at Ford Windsor, Ontario, service branches are located at Montreal, Toronto, Winnipeg and Vancouver, with sales and service branches at London, St. John, Regina and Calgary. More than 500 authorized Ford Dealers have been established throughout Canada to serve your needs and so see that genuine Ford parts are quickly available when needed and at a low price.

This is by far the largest automobile dealer organization in Canada and it is of great value to every Ford owner. "What kind of service will I get after I buy the car?" is always an important point to consider in the purchase of an automobile.

We are particularly interested in this matter because we believe it can help not only to make a good automobile, but to help the purchaser get the greatest possible use from it at a fraction of trouble and expense. Because of this, the entire Ford dealer organization has been specially trained and equipped to service the Ford.

When you receive your Ford, the dealer will replace the simple little things that should be attended to periodically to insure the best performance. He will also tell you about the Free Inspection Service to which every purchaser of

the Ford is entitled at 500, 1000 and 1500 miles.

This inspection includes a checkup of the battery, gear oil, oil, engine oil, front-end, car-burner adjustment, lights, brakes, shock absorbers, tire inflation and steering gear. The engine oil is also changed and the chassis lubricated through the high-pressure grease gun system.

No charge whatever is made for labor or materials incident to this service except where repairs are necessary because of accident, neglect or misuse. The labor of changing the engine oil and lubricating the chassis is also free, although a charge is made for new oil. This inspection is free for the first 1500 miles only, and is made thereafter at an equitable charge.

Every time you take your Ford to the dealer for oiling and greasing, it will be a good idea to have him check over important points that have a bearing on continuously good performance and tell you exactly what the car needs.

You will find him prompt and trustworthy, for he is established flat rate charges for labor, and sincerely eager to do a good and thorough job at all times, so that you will get thousands upon thousands of miles of enjoyable, economical motoring.

This is the purpose for which the Ford was designed and built. This is the true meaning of Ford Service.

For Sore THROAT

As a germicide and remedy for sore throat, Listerine is a gentle, soothing, and effective. It is a germicide and remedy for sore throat, Listerine is a gentle, soothing, and effective. It is a germicide and remedy for sore throat, Listerine is a gentle, soothing, and effective.

Listerine enemy of sore throat

Kills 200,000,000 germs in 15 seconds

If you could hold in your hands under a microscope you would have to prepare or serve baby's food, or give him a bath, without first rinsing the hands with Listerine.

Scars, swellings, sores, by millions, you would see dangerous disease germs which are easily transmitted to children by contact.

Commonly the use of Listerine on the hands is a wise precaution.

Listerine, though delicate and safe to use full strength, destroys such germs—ill germs—in a few seconds. Even the virulent *Staphylococcus Aureus* (pus) and *Bacillus Typhosus* (typhoid), even as they are so dangerous to man, yield to Listerine in 30 seconds in contact ranging to 100,000,000.

We could not make this statement unless prepared to prove it to the entire satisfaction of the U. S. Government and the medical profession.

Recognize Listerine's germicidal power, you can understand its medical success against disease. You can realize now why it has wounded off millions of ones of the most dangerous germs before they become serious. You can appreciate why doctors have prescribed it as the best remedy.

See how your family needs a little of Listerine with Listerine in your home twice a day. It is a pleasure, and it is effective in relieving sore throat.
